

MONTESSORI
House for Children

February 17, 2017

Dear Parents,

As our enrollment period for new families gets under way, we are pleased to announce the start of a referral program.

Once a referred family enrolls with MHFC or MHES, both the new family, and the family who referred them will receive a \$100 credit to their account.

Many of our current families have found us through the referral of friends and family. Our hope is that the new referral program will encourage the continuation of this practice, and will help to boost the enrollment of the school next year with qualified and enthusiastic students and parents.

Thank you for your continued support!

Warmly,

Montessori House and Elementary School
